# CENTER FOR AMERICAN EDUCATION: AMERICAN DEGREE TRANSFER PROGRAM

“ Studying abroad expands personal horizons and brings new perspectives to life which makes you more employable in today’s globalized world. Studying at Sunway University provides a seamless pathway towards an exceptional American educational experience. ”

### Hallmarks of American Education

- Holistic and well-balanced curriculum
- Broad-based education with a wide range of academic disciplines
- Interactive approach to learning

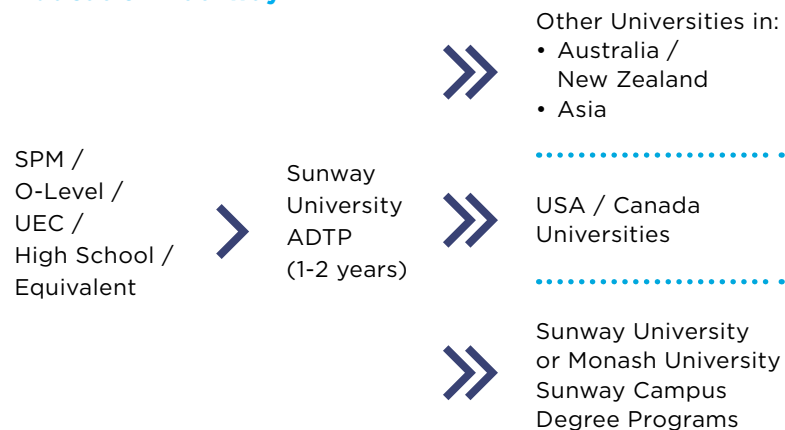

American-style education enables students to immerse themselves in holistic learning experiences - combining interactive intellectual endeavors with creative extra-curricular pursuits. Students actively participate in community work, industry exposure, academic forums, leadership development, workshops, sports and extra-curricular activities.

### Entry Requirements

ADTP (Science / Engineering) — For Science, Engineering, Aviation, Computer Science or related majors	ADTP (Arts) — For Business, Communication, Liberal Arts or related majors

Other Qualifications: Any other qualification will be considered on a case-to-case basis	Other Qualifications: Any other qualification will be considered on a case-to-case basis

English Language Requirements	
IEP: Level 4	Cambridge English (First): 50 and above

### Education Pathway

### A Flexible Credit Transfer System

One of the key strengths of studying in ADTP is that students can customize their education pathways by choosing one of Sunway University’s transfer arrangements of 1+3, 2+2 or 3+1\* years. Students are able to transfer their credits to a university of their choice where they will specialize in their chosen field.

\*coming soon in 2016

### A Global World-Class Transfer Degree

Sunway’s ADTP has an impressive record as **over 80% of students transferred to U.S. are in the Tier 1 Universities**. Students have successfully transferred to renowned universities in the U.S. including Cornell University, New York University, University of Michigan – Ann Arbor, Boston University, and many more. The flexibility of this program also allows students to transfer to universities in Canada, the UK, New Zealand and Australia.

### Selection of over 1,000 majors

With over 1,000 majors available in the U.S., students can choose from a diverse range of study options: Engineering · Aviation · Business · Psychology · Communication · Geology · Forensic Science · Actuarial Science · Architecture · Sciences · History · Sociology · Political Science · Theatre Performance and more.

### Excellent Student Support Services

#### Mentor-Mentee Program

Our dedicated and qualified faculty offers personal attention, mentoring and guidance. Each student is assigned to an Academic Advisor who provides academic guidance and keep close tabs on the student’s progress. Students can count on a high standard of education because of our small class sizes and highly supportive faculty who has the passion to teach and care about the future of their students.

#### Dedicated University Guidance Services

Students get personalized guidance from our U.S.-trained placement expert with strong support from International Office University Placement (IOUP). Students receive professional advice on transfer options, assistance in university applications, and information on reference materials and resources.

Regular workshops are conducted to keep students informed on Pre-application criteria, Visa Application, preparation of Recommendation Letter, Pre-Departure arrangements and other application processes and requirements.

### Post-Transfer Services

#### Summer Courses

Summer is a great time for ADTP transferred students to participate in our summer courses. Students will have the opportunity to complete their General Education requirements or study exciting course topics offered during these sessions. Students will have closer interaction with their lecturer and fellow students in a smaller-size class.

#### Proctor Service

We offer free proctoring services to ADTP transferred students who are taking online courses to fulfill their exam requirements during the summer semester.

#### Internship Experience

Internships are a great platform to prepare students for the real world. They are able to explore potential careers, network with professionals and gain valuable job knowledge. Sunway’s ADTP offers many internship opportunities in diverse industries through the arrangements with Industrial Advisory Board members.

# LIBERAL ARTS COURSES / GENERAL EDUCATION REQUIREMENTS

Liberal arts courses, commonly known as the general education requirements, vary between universities. Students are recommended to take between 3 and 9 credits from each area. The suitable number of credits to be taken must be mapped according to the intended transfer universities' requirements.

# ADTP STUDY PLAN

The ADTP accepts students for ALL majors. For most majors, students spend two years of their studies in Malaysia and final two years in the States. Students are required to take core subjects and liberal arts courses. The flexibility of the program allows other transfer arrangements for liberal art requirements where students can undertake one year of study in Malaysia and complete the last three years in the States. Students must obtain the minimum grade “C” to meet the eligibility of transfer requirements. Often, competitive universities would have higher admission requirements and academic standards. It is very important for students to refer to the specific university’s admission criteria, transfer requirements and application processes.

# TRANSFER GLOBALLY

The ADTP at Sunway has been helping students realise their dreams for over 25 years, and our students have successfully transferred to top-ranked American universities like Cornell University, Johns Hopkins University, University of Michigan - Ann Arbor, New York University and more.

The flexibility of Sunway's ADTP also allows students to transfer to universities in Canada and the UK, New Zealand and Australia.
